Dear Mr. Bramfitt,  
Thanks again for your prompt response. Subject to my review in further detail, I would like to advise Sonoma County LAFCO that it is my intent to bring a CEQA action regarding the subject annexation. That being said, I have no interest in pursuing litigation just for the sake of it. My research convinces me that such an action would be proper. However, if you or your legal counsel have authority that such an action would be barred or meritless, please provide it and I will consider such. Thank you.

Very truly yours,

Mr. Schmid-

Attached is a letter responding to your Public Records Act Request dated August 17, 2023, as well as the documents listed in the letter.

Please note that we **have not attached** the recordings of the Commission's meetings as the files are too large to be accommodated by email. We are securing a link to the files that we will forward you shortly.

As noted in the letter, an acknowledgement that you have received these materials is appreciated.
